YOUR POT OF GOLD.....

Your Pot of Gold is within reach.....it can be financial independence, good health, fame, love, belonging.....but whatever it is, go after it with passion. Having a beautiful hobby like this is fulfilling and gratifying and we all hope that you will find that fulfillment right here at Just Scrappin'.

We've added a great new line of papers as many of you know....and we can't keep it on the shelves. Marty Lach introduced us to this beautiful vintage paper and we've had a ball making cards with it.

Flower-Soft is coming out with something new and we have ordered it.....new colors and a finer blend which could be very exciting.

We have Sharing Saturday coming up on March 6 so please get your reservations in so you will be able to make the great projects.....This is truly a big hit that I know you will enjoy.

Classes for March are great with lots of new techniques for you to use.....and we'll be doing a bunch of Easter designs. Is this year spinning faster than usual or is it just me? The Stamp of the Month is just gorgeous and is centered on Easter and Spring.....

Get Ahead Christmas is another big hit with March featuring 'House Mouse' those adorable little creatures that worm their way into your heart.... Several of the gals are way into their Christmas Cards for 2010....come join us.

We're starting a Recipe Club which will be so much fun. Each month, 2 of the participants in the class will cook. One will make the entrée and the other will make the dessert. They'll bring those recipes and we'll put them in your book. What fun that will be!

Just remember, Just Scrappin is the place to be.....

Happy March Birthday
